SUMMARY

Software engineer and web developer with a B.S. in Software Engineering and a foundation in digital media and web development. Builds accessible, localized full-stack web applications and content systems with TypeScript/Next.js, React, Java/Spring Boot, PostgreSQL and modern testing practices. Based in Hawaii; seeking software engineering/web development roles in Aichi, Japan with work-visa sponsorship and available to relocate upon visa approval.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Go, Java, Python, SQL, HTML/CSS
Frameworks: Next.js, React, Angular, Spring Boot
Data & Cloud: PostgreSQL, AWS
Engineering: REST APIs, accessibility, localization, responsive UI, automated testing, Git/GitHub, AI-assisted development

SELECTED PROJECTS

Portfolio Presentation System | Next.js, React, TypeScript, Zod | Live / Source
Designed and built a portfolio system where one canonical content model renders through five distinct presentation modes while preserving routes, accessibility and project identity. Implemented localization-ready routing, typed content validation, native view transitions and Playwright/axe/Lighthouse verification.

Nihonest | Next.js, TypeScript, MDX, Supabase/PostgreSQL | Live / Source
Built and deployed a mobile-first Japan relocation knowledgebase with source-linked guidance, structured content, search/filtering, route-aware journeys, bilingual content and local-first personalization with optional account synchronization.

Japan Travel Planner | React, Java, Spring Boot, PostgreSQL | Live / Source
Developed a full-stack Japan itinerary planner with session authentication, CSRF protection, advanced filtering, reusable trip templates, EN/JA localization, Flyway migrations and responsive light/dark interfaces.

EXPERIENCE

Freelance Web Developer | Nov 2015 - Present
Built small client and event websites, including the 2016 Western Business Education Association conference site; handled requirements, design, implementation and maintenance.

Sakura Japanese Restaurant & Sushi Bar - Dishwasher → Hibachi Chef | Feb 2019 - Jun 2025
Promoted into a customer-facing chef role requiring teamwork, multitasking, clear communication and consistent service under pressure.

Leeward Community College - Peer Mentor / Job Prep Services Office Aide | 2015-2016; 2019; 2020
Supported students and staff through technical assistance, office operations, recruitment activities, newsletters and job-search/resume support.

EDUCATION & CREDENTIALS

B.S. Software Engineering, Western Governors University - Sep 21, 2026

A.S. Digital Media Production (Internet Publishing), Leeward Community College - May 2016 | GPA 4.0 | Phi Theta Kappa

Certifications: Japanese-Language Proficiency Test (JLPT) N2 - Passed (Jan 2025); AWS Certified Cloud Practitioner (May 2026-May 2029); CompTIA Project+ (Jan 2026-Jan 2029); ITIL 4 Foundation (Mar 2026-Mar 2029); WGU Front-End Developer (Jun 2025) & Back-End Developer (Aug 2026).
